| <p>WHY MEXICO?</p> <p>In 1999, the El Niño community in Tijuana began because of heavy storms and flooding. The Mexican government bussed people that lost their homes into that area and gave them a small piece of property and a dwelling to start the community. Since then, thousands of Refugees find open land and build with recycled garage doors, wood, or cardboard to make shacks.</p> <p>Since 2000, Kingdom Builders Ministry has built over 54 churches & over 750 homes surrounding Tijuana. Most of these families aren't able to afford to send their kids to school past the 6th grade. Kingdom Builders Ministry has also started a sponsorship program that provides for over 1000 kids in their community to get them through schooling.</p> | | <p>ABOUT</p> <p>Religion: 80% Roman Catholicism</p> <p>Language: Spanish</p> <p>Population: 130 million</p> |
| <p>OUR RESPONSE</p> <p>By partnering with Kingdom Builders Ministry, we will get to assist them by building a home as well as ministering to the people in their community, offering both spiritual & physical aid to that in need. As a team, we will collectively raise an additional \$3,500 that covers the expenses for the home build project.</p> | | <p>COST</p> <p>\$1,568 per person <i>subject to change after approval due to final team size.</i></p> <p>This covers travel, lodging, & main meals during the trip</p> |
