## TALK IT THROUGH

1. Have you participated in any of the We Love Our City programs? If so, briefly share some of your experience. If not, which of these listed above sound interesting to you and why?
2. Pastor Raymond gave this quote: *“Under-resourced people don’t have limited capacity, they have limited opportunity.”*

TFH has sought to open avenues of opportunity for people within our communities, and to “level the playing field.” There can be varying perspectives on providing help/resources with no strings attached, and of course we always need to use wisdom. Discuss the idea behind Pastor Raymond’s quote. Also read James 2:14-18 and discuss how it applies to community outreach.

3. Have you experienced a time in your life when you needed an opportunity opened to you that you couldn’t open yourself? If so, share some of that story and whether you received the necessary help. What difference did it make?
4. Do you find it difficult or easy to reach into under-resourced neighborhoods, or into situations, people’s lives, that seem desperate? Why? If it’s a challenge, can you identify the fear or discomfort? What is the joy?
5. The six cities of refuge in ancient Israel were built for *protection* and *justice* for the innocent person who found himself in great need. Below are the names of the six cities and their meanings (Remember: in the Old Testament, names represented character).  
What do you think the message is God is making?

- |                           |                             |
|---------------------------|-----------------------------|
| • Kedesh – <i>holy</i>    | • Shechem – <i>shoulder</i> |
| • Golan – <i>complete</i> | • Hebron – <i>friend</i>    |
| • Ramoth – <i>height</i>  | • Bezer – <i>fortress</i>   |

6. Read Deuteronomy 15:7-11. Discuss ways you can individually, and/or together as a group, participate in the Legacy Lane of We Love Our City. Some may want to give financially, but others may be able to also participate in one or more of these areas. Consider doing a project as a group.
